Liz en Septiembre (Liz in September), a film directed by [Fina Torres](#) ^[1] (Habana Eva), based on Jane Chamber's beloved play Last Summer at Bluefish Cove, will premiere in Venezuela on September 26, 2014.

The film was ready to premiere in September, but the initial release was put off until September because of the economic problems in Venezuela.

The film has already been hailed as a watermark in Latin American cinema: [its release will mark the "before" and "after" of Latin films with an LGBT flavor](#) ^[3].
